

Bongo Boy Music School

MUSIC PRODUCTION

& SONGWRITING

One Week Intensive

This one week music production/songwriters intensive course is meant to help bring out the songwriter within and invoke emotions and expression behind song creation with instructor Ed Gaus. Students will:

- Learn the basics of recording software as a tool for recording song ideas, instrumental tracks and vocals.
- Learn the basics of music and drum loop production as a tool for songwriting and music production.
- Explore and analyze hit songs and song forms along with lyrics.
- Learn to overcome writers block and explore creative ways to come up with lyrics, melodies and harmonies for their song ideas by using creative expression such as touch, taste, smell, sight, sound and movement to enhance their hidden songwriting skills.
- Work on original compositions from songwriting, to music creation for movie trailers, jingles, opening TV show segments, vocal top lining for instrumentals and lots more.
- Have an absolute blast and leave forever inspired by their musical growth within.
